

Scrum Team MKTG

Business Features	SCRUM - AD	SCRUM - MKTG
Business Features		Rahul (P) Ratul (P) TBH – Junior (S)
API Server/Storage Access Layer		Sharan (P) Mridul (S)
Router Services		TBH - Senior (S/P)* Ratul (P) Sai Vastav (P)**
Segmentation/ ML Services		TBH - Senior (P/S)* Mridul (P) Sharan (S) Sai Vastav (S)

**TBH – Senior: I have marked two tentative primaries for this head. I'm thinking depending on which horizontal (Router Services / Segmentation), we have senior engineer from Ad track, we can accordingly adjust*

***Sai Vastav is a junior resource so may not be primary in that sense, but in terms of work alignment, this could be his primary allocation*
